Popular Mechanics 1975-07

De lange weg naar de vrijheid Nelson Mandela 2017-10-21 De lange weg naar de vrijheid is de beroemde autobiografie van een van de grootste mannen van de twintigste eeuw. Nelson Mandela beschrijft de lange weg die hij heeft moeten afleggen van onwetende jongen tot charismatisch staatsman. Dit is het verhaal van misschien wel de wonderbaarlijkste omwenteling in de geschiedenis, verteld door de man die het allemaal heeft meegemaakt en in gang gezet. Het verhaal van Mandela, door Mandela.

Project Management Workbook and PMP / CAPM Exam Study Guide Harold R. Kerzner 2010-10-26

Project Management for Research and Development Lory Mitchell Wingate 2014-08-05 Today's leading organizations recognize the importance of research and development (R&D) to maintain and grow market share. If companies want to survive into the future, they must accelerate their R&D-to-market cycles or find themselves behind the competition. Project Management for Research and Development: Guiding Innovation for Positive R&D Outcomes explains how to apply proven project management methods to obtain positive outcomes in R&D and innovation projects. It addresses the specific factors companies must consider when using project management to scope, define, and manage R&D projects. It also offers best practices and case studies that illustrate actual applications of theory. This book details methods to help readers optimize results in R&D through the use of structured processes derived from the project management field and other complementary disciplines. Each chapter includes diagrams, surveys, checklists, and question-answer forms to guide readers in determining where their activity falls along a project spectrum and to help them structure their own R&D project. The methods presented in this book can easily be applied to innovation projects and creative endeavors. As there are limited sources of information on how to utilize project management methodology effectively in these types of projects, this book is an ideal resource for anyone looking to add structure and proven methods to enable R&D, innovation, and other creative activities.

Project Management Workbook and PMP / CAPM Exam Study Guide Harold Kerzner 2017-04-12 Sharpen your project management skills and prepare for the latest PMP®/CAPM® exam The Project Management Workbook and PMP/CAPM Exam Study Guide is a two-in-one resource for mastering the Project Management Body of Knowledge (PMBOK®). As the companion to Project Management: A Systems Approach to Planning, Scheduling, and Controlling, this book provides the opportunity to strengthen your understanding of project management in real-world application, with questions, problems, and cases designed to enhance your critical thinking skills. Functioning as a stand-alone study guide to the Project Management Professional (PMP) Certification Exam, this book helps you develop the critical skills of a successful project manager with questions that show you what to expect on exam day. Interesting, enjoyable, and thought-provoking, this workbook and study guide helps you dig into the PMBOK and gain the professional insights that come only from applying what you've learned. Reading the PMBOK doesn't fully prepare you to pass the PMP exam, let alone function as a project manager in the real world. Understanding how to apply the various methodologies is vital to your success, and this book gives you a wealth of guided practice to hone your skills in advance. Practice applying project management concepts Test your grasp of the PMBOK methodology Preview the PMP with simulated exam questions Enhance your critical thinking and project management skills The project manager's role is broad in scope and detailed in function. Don't try to memorize the PMBOK, internalize it; this approach gives you a ready body of knowledge available for recall as needed, and helps you become a more efficient, more effective project manager. Instinctive knowledge comes from copious practice, and the Project Management Workbook and PMP/CAPM Exam Study Guide is your ideal resource for developing your skills. (PMI, PMBOK, CAPM, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.)
